ITEM	2015 DECEMBER	\$ U.S.
MODEL MT90 (Range 6% - 16% with single red/green LED)	89
MODEL MT110 (Range 6% - 40% with dual red & green LEDs)	110
MODEL MT270 (Range 4% - 30% analog meter)	145
MODEL MT700 (Range 4% - 80% digital meter 1% readout)	189
MODEL MT808 (Range 4% - 100% digital microprocessor + species & temperature)	244
MODEL CMT-908 (Dual Mode pin-type/pinless microprocessor + species)	325
MODEL CT12 (Pinless, rotary dial, red/green LED, 4% - 24%).	138
MODEL CT33 (Pinless, analog meter, 0% - 30%, 1 inch depth sensing)	199
MODEL CT100 (Pinless digital, 0% - 30%, 1 inch depth sensing + species)	225
MODEL CT808 (Pinless digital microprocessor, 0% - 99%, species + thickness, 1 inch depth)	277
MODEL CT828 (CT808 plus Standard Remote Sensor on cable, 1.5 inch depth sensing)	366
MODEL CT858 (CT828 but Mini Remote Sensor on cable, plus lighted display & audible alarm).	425
MODEL FRP-FN (FiberNaut Pinless analog meter: fiberglass 0% - 3%, wood 0% - 30%)	228
MODEL GRP200 (Pinless digital meter for fiberglass & marine woods, 1.5 inch depth sensing)	295
MODEL GRP200S (Optional plug-in remote sensor for GRP200)	88
SMALL HARD ATTACHE CARRYING CASE For All Models Without Plug-In Probes	48
LARGE HARD ATTACHE CARRYING CASE For CT828, CT858, GRP200 with GRP200S.	66
CALIBRATION PLATE For Pinless Meters	15
REPLACEMENT PINS (Per Pair)	5
SHIPPING To 48 States:		
Canada Post Expedited Parcel (typical ten business days transit time)	15
Canada Post ExpressPost (typical five business days transit time)	30
SHIPPING: Offshore, Alaska, Hawaii, Puerto Rico, AFPO, etc.	Call or email

*** We accept personal and company checks in U.S. Dollars drawn on your local bank ***

All models are ready to use with owners manual and batteries.

TO ORDER: Mail enclosed order form with payment. For immediate shipping of in-stock items, use certified check, international money order, credit card (Visa, MasterCard). COD within Canada only.

FASTEST SERVICE: Phone *Electrophysics* and use credit card. You can also use PayPal (contact us by phone or email to request an invoice for your purchase).

FURTHER INFORMATION: Please do not hesitate to contact us if you require further information or assistance in selecting the correct moisture meter for your application.

Visit www.electrophysics.on.ca for return policy.
